

# HUME CITY COUNCIL TULLAMARINE MEN'S SHED

December 2017 Update

## **New Facility for Tullamarine Men's Shed at SF Hedger Reserve.**

Previously we contacted all boundary residents including Sharps and Broadmeadows Roads and Birch and Carol Groves area to get feedback on the proposal to construct a Men's Shed facility at the rear of the Tullamarine Community House building in SF Hedger Reserve (30 Carol Grove, Tullamarine). This consultation found that there was overwhelming support from residents for the proposal. We thank all those who participated in the process for their time.

Council has since submitted a successful funding application to the State Government, to support the building cost of a Men's Shed facility on SF Hedger Reserve (see over for an arial photo showing the location of the planned facility).

### **Construction is about to begin.**

Building the new facility will require some modification to the Tullamarine Community House fencing and the removal of a tree. The design of the new facility will minimise the impact of the new shed on the open space of the park and recently planted trees.

The development of a Men's Shed facility located with the Tullamarine Community House will support the Men's Shed to deliver more programs and workshops and engage and support more community members. The purpose of Tullamarine Men's Shed is to provide a safe place where men can meet to:

- Share ideas, skills and knowledge and work on projects together or independently
- Gain information about a range of topics relevant to men
- Access other support agencies through programing and referral
- Enjoy opportunities to engage socially with other members of the community.

**Need more information?** If you would like further information about the building of the facility please contact Julie Andrews Coordinator Community Capacity Building 9205 2200 or email [juliea@hume.vic.gov.au](mailto:juliea@hume.vic.gov.au)
